Dear Andrew:

We write in response to Accredo's January 26, 2024 and February 9, 2024 document productions and correspondence regarding the same.

Custodians: We renew our request that Accredo add	an.
JJHCS first requested that Accredo add as a custodian in September 2023. See Sept. 2	22,
2023 Ltr. from H. Sandick to A. Solinger at 2. Accredo declined to add	an,
stating that "green and support and assisted we escalations coming from Express Script's account teams" and "she is unlikely to have unique	
documentation related to SaveOn over and above the documents covered by the other for	our
custodians." Sept. 28, 2023 Ltr. from A. Solinger to H. Sandick at 3. Based on a review	of
Accredo's document production, this representation appears to be inaccurate.	a

with the same-day messages that are part of the same exchange or discussion. Furthermore, we request that Accredo conduct a reasonable investigation to determine whether Accredo employees used any other instant messaging platforms, such as Microsoft Teams or Salesforce Chatter, during the relevant time period and, if they have, confirm that Accredo has preserved and will produce relevant communications therefrom.

<u>Document Reproduction</u>: There are a total of 73 documents in Accredo's third and fourth productions that have slip sheets that state, "Document Cannot be Viewed." *See, e.g.*, ACCREDO00001313, ACCREDO00001450, ACCREDO00001462. JJHCS has confirmed with its vendor that this technical issue is not a result of JJHCS's document viewing platform. As such, we request that Accredo immediately re-produce these 73 documents in a viewable format.

Additionally, there are portions of documents in Accredo's production that are blurry, distorted, or otherwise illegible, making it impossible for JJHCS to accurately decipher the relevant information. Accordingly, please immediately produce the following documents in a fully legible format:

- ACCREDO00004006
- ACCREDO00018590
- ACCREDO00018608
- ACCREDO00018650
- ACCREDO00001947
- ACCREDO00020194
- ACCREDO00021633
- ACCREDO00021637

In the event JJHCS discovers additional blurry, distorted, or illegible documents in Accredo's production, we reserve the right to request that Accredo re-produce such documents.

Please respond to the issues discussed herein by March 1.

Very truly yours,

/s/ Harry Sandick
